WHAT MAKES A PERFECT CRYSTAL GLASS?

Glass is a fascinating material. Not only does it fulfil a practical purpose but there are so many other ways in which glass enriches our life. It is brilliant, it reflects and refracts light and has a satisfying sound when glasses are clinked.

Still further, specific glass shapes and a high quality glass surface, through the use of pure raw materials, enhance the aromas and taste of beverages.

- Brilliant clarity
- Certified environmental management
- Improved breakage resistance
- Certified dishwasher safe
The first recorded mention of the Spiegelau factory is in the last will and testament of Erasmus Mospurger, dated 1521.

In the sixteenth century, when mirrors were popular in royal courts, the company produced fine glass mirrors, beads and decorative bottles. In 1845 the factory produced snuff bottles, which were all the rage.

In 1911 the factory was rebuilt and modernized.
FAR-SIGHTED SINCE THE 16TH CENTURY

From creating fine glass mirrors for the old Royal courts of Europe to manufacturing sturdy yet fine glassware for the modern-day hospitality trade, Spiegelau has a history of high-performance. For five centuries we have laboured to combine hand craftsmanship with the latest glass-making techniques.

In 1926, owner Fritz Pretzfelder gave the company the name – Kristallglasfabrik Spiegelau GmbH, or The Spiegelau Crystal Glass Factory.

Since 2004 Spiegelau belongs to Riedel Glass Works with its brands Spiegelau, Nachtmann and Riedel.
THE CLASS OF GLASS

QUALITY MADE IN GERMANY

To ensure an enduring quality standard, Spiegelau has a strong commitment to its production sites in Germany. Modern technology and optimized machine made production enable Spiegelau to offer high quality products at affordable prices. We put a lot of human effort and passion into delivering the perfect product!

GLASS COMPOSITION

The degree to which a glass can offer all of these benefits depends to a great extent on the type of glass used and the characteristics of the ingredients.

Standard Glass consist of sand, lime (an alkaline earth oxide), Sodium or Potassium oxides. Spiegelau Crystal glass has the same ingredients plus a certain percentage of metaloxide. These ingredients will be melted at approx. 1500°C and in later steps formed to the desired product.

Spiegelau glasses are all made of lead free Crystal glass. The highest quality of the Crystal ingredients make the Spiegelau products more durable, dishwasher safe, break resistant and also more brilliant than other glasses made with cheaper glass compositions.
HOW TO DISTINGUISH THE CLASS OF GLASS

FINE AND LASER CUT RIM:
- elegant look
- smooth, lip contact
- directs the flow of wine
- less chipping

BOWL:
- Colorless and transparent bowl allows wines to express their true visual characteristics
- Perfect connection reduces breakage
- Seemless or nearby seemless stems provide a premium tactile experience
- Enforced foot for improved durability
- No sharp rims and a flat base improve esthetics and stability
IS THERE A UNIVERSAL WINE GLASS?

RVF tested a dozen commercial wine glasses, from major producers, in search of a tasting glass capable of revealing the qualities of any wine with the same precision.

Authentis 02
The most versatile of all

Manufactured in Germany by Spiegelau, this crystal glass has great brilliance and is highly shock resistant due to its flexibility.

Slightly heavy to hold, it remains non-the-less, an ideal choice for professionals and private consumers - especially due to its guarantee of 1500 dishwasher cycles without breakage.

This model is the big brother of the slightly smaller Expert Tasting glass, also from Spiegelau.

At tastings, this glass performs well with virtually all wines; though some sparkling wines lose some finesse of the bubbles. As for the whites, it was with a Burgundian Chardonnay where the glass won many votes, as it presented the wine with great cleanliness, both on the nose and the palate. Its size is an asset for reds such as the North Rhone, placing fruit in the front not the alcohol.

"The most versatile of all,... in our eyes the perfect glass"

High performance at every occasion.

CRAFT BEER GLASSES
The Spiegelau Craft Beer Glasses have been approved by an expert tasting panel of master brewers and industry professionals. Focusing on beer enjoyment, members of the tasting workshop tested multiple glass shapes to find the best glass for the styles IPA (India Pale Ale), Stout, American Wheat Beer, Barrel Aged Beer and Pils. In the experts’ opinion, the custom-shaped glasses successfully deliver the complexity of aromas on the nose while demonstrating the optimum beer texture, balance and flavor intensity on the palate.

Staying faithful to the spirit of Bavarian artisan craftsmanship, we have created these unique, functional glasses to bring out the best in complex craft beers. Like our expert tasting panel, we believe that craft beers deserve crafted glasses. Cheers! For their functional and innovative product design the Spiegelau Craft Beer Glasses have been awarded the renowned Red Dot Award in 2015.
BENEFITS OF THE RIGHT SHAPE
AND PREMIUM MATERIAL

LASER CUT RIM:
Crisp, clean delivery in every sip

MOUTH OPENING:
Wide mouth allows drinker to “nose” the beer comfortably for heightened aroma and delivers beer evenly across palate to enhance mouthfeel and harmony of sweetness and acidity

BOWL:
Slender, bowed shape amplifies hops aroma

THIN WALLS:
Maintains proper beer temperature longer

REFRESHER:
Wave-like ridges aerate beer into and out of the glass to balance flavors as you drink

N°1
“The Expert glass by Spiegelau is both efficient and affordable. It is a well sized tasting glass, which is true to the wine and enhances the pleasure of tasting.”

N°1
“The Expert glass is number one for all red and white wines. It is superior to the INA / ISO glass in almost every respect. Very well balanced in the hand and really comfortable to use.”

CARE AND USE

IMPORTANT HINTS FOR GLASS USE

Spiegelau stemware is being used in many famous restaurants and hotels and occasionally international wine tastings. In order to guarantee maximum pleasure when tasting wine, it is important to consider the following professional hints, which we hope you will find of interest.

WHAT DO WE MEAN BY „FUNCTIONAL“ GLASSES?

Spiegelau wine glasses are specially designed in collaboration with some of the world’s most respected sommeliers as well as owners of some of the world’s finest restaurants. In all aspects – shape, height, diameter of the bowl, etc. – Spiegelau glasses are crafted to deliver wine at its best for the greatest possible enjoyment. Each glass’s shape and size has been created with extreme attention to detail to fully enhance the character and bouquet of the wine.

FOR A PERFECT RESULT

1. Wash under warm water, detergent is not necessary
2. Place on linen to dry for the time being
3. For extra shine, steam over boiling water
4. To polish use 2 microfibre polishing cloths
5. Hold glass by base and polish
6. Use left hand to cradle the bowl and polish with your right hand
7. NEVER twist the base and bowl
8. Perfect result

BEVERAGES AND GLASSES

Rules when handling connoisseur glasses:

1. Filling the glass
Fill the glass only to the widest diameter of its bowl. This will ensure maximum development of the wine’s bouquet, and also provide the most elegant table setting.

2. Holding the glass
The appropriately filled glass should always be held by the stem rather than the bowl, as heat from the hand could raise the wine’s temperature above its optimum and negatively influence the bouquet of the wine.

3. Swirling the glass
Carefully swirling the glass allows oxygen into the wine by increasing its surface area and helps release the wine’s rich, mature aroma.

4. Why and how to decant wines
To decant wine means to transfer it from its bottle to a decanter or carafe before drinking. During storage or aging, wine can develop a solid deposit or sediment at the bottom of the bottle. Decanting is an easy means of separating the sediment from the wine. Decanting also helps the wine breathe, as the greater surface diameter of the decanter lets more oxygen reach the wine than the bottle’s does. Red wines should be decanted well before serving and allowed to rest at room temperature for up to one hour to allow the wine to fully develop its bouquet.

5. Wine temperature
Before decanting and/or serving wine, please store it at appropriate temperature (red wines at 59-63 degrees F, 15°-17° C, white wines at 50-54 degrees F, 10°-12° C). The proper serving temperature enhances the quality of the wine by allowing it to fully develop its characteristic aromas and flavors.

6. Washing the glass
Glasses should always be washed carefully, preferably by hand. Because of our Platinum Glass all Spiegelau glasses are 100% dishwasher safe, but they are best cared for by avoiding harsh detergents and choosing a cool, short dishwashing cycle. To avoid detergent residue, rinse glasses thoroughly in clean water. When drying the bowl of the glass, avoid holding the glass by its stem or base as this can, in extreme cases, cause the stem to break at its narrowest point.

1. Scope of Application.
All provisions of goods and services by Bayerische Glaswerek GmbH ("BGW") to or for the benefit of each customer ("Customer") shall be subject to these General Conditions of Sale and Terms and Conditions of Sale (the "T&C"), unless otherwise expressly agreed upon in writing and duly signed by BGW in order to provide the services and all terms and conditions of Customer, whether memorialized via written statement, purchase order, or otherwise, shall not be binding upon BGW unless such terms and conditions are duly acknowledged and expressly agreed to in writing signed by BGW. By ordering products sold by BGW (the "Products"), Customer shall be deemed to have acknowledged and agreed to, and further be bound by the T&C, regardless of whether Customer avows or otherwise acknowledges its agreement to be bound by the T&C in writing or otherwise. For the avoidance of doubt, any order of orders or consent to use of services by BGW may not be regarded as the grant of any entitlement to future fulfillment of orders or provision of services by BGW, and the T&C shall not be creating a relationship of exclusivity between Customer and BGW.

2. Orders.
2.1. When orders by Customer (the "Orders", or each an "Order") shall become legally effective and binding on Customer upon written acceptance by BGW of each such Order (an "Order Confirmation") in the absence of such Order Confirmation by delivery of the Products comprising such Order to Customer. Customer is entitled to modify any Order at any time before BGW has delivered the Products comprising the Order Confirmation for such Order, but under no circumstances shall Customer be permitted to modify any Order more than five (5) calendar days after placing the Order.

2.2. Once an Order is confirmed by BGW or delivered to Customer, such Order may not be cancelled by Customer except by agreement in writing signed by BGW, and Customer shall indemnify BGW against all losses (including indirect and consequential losses) under or in connection with such Order.

2.3. BGW reserves the right to (i) reject any Order at any time without giving any reasons, (ii) accept Orders only with respect to products remaining in stock, (iii) modify Orders or deliver products ordered by companies of a comparable size/type like Customer and/or to (iii) terminate any framework agreement possibly existing at any time with immediate effect without giving any reasons.

2.4. Special Orders: Orders for any Products not featured in the applicable price lists ("Special Orders") require a 50% prepayment of the net invoice amount, unless otherwise agreed in writing by both parties. Exceptional delivery times for Special Orders are not binding; delivery times for Special Orders and Limited Editions will be communicated to Customer on a case-by-case basis and are not binding.

2.5. Value Packs: Any preferential conditions on which Customers agree to take part on the procedure of reproduction, imitation, competition, etc. on BGW's social media platforms (Facebook, Twitter, Instagram etc. or any other media platforms such as social media platforms) shall only be permitted upon prior written authorization of BGW. In addition, no use of the Brands, the Trademarks or of any other intellectual property rights, including but not limited to, no use of photos, videos, the like as well as social media platforms, the like as well as advertising, social media pages, or printed matter is only permitted upon prior written authorization of BGW. In addition, any use of the Brands, the Trademarks or any other intellectual property of BGW or its licensors. Customer undertakes to refrain from any use of all media and related documentation BGW provides to Customer hereunder or through any contract together with any and all intellectual property rights, including but not limited to, no use of the Brands, the Trademarks, or any other proprietary material of BGW and its licensors as well as all goodwill and copyright, in and arising from the Brands and the Products, vested or not as well as all trademarks and designs remaining in the property of BGW or BGW's licensors, protected by the relevant statutory provisions regarding reproduction, imitation, competition, etc. Customer undertakes not to sell, lend, assign, transfer, or otherwise dispose of the Brands or the Trademarks, or any other intellectual property of BGW or its licensors.

6. Purchase for Export.
6.1. If Customer purchases Products for export, Customer shall (i) comply with all laws, rules and regulations and all conditions of the importation country, including any import duties and taxes, (ii) be responsible for all documentation required for export, (iii) arrange for any necessary governmental approvals or licenses, and (iv) assume sole responsibility for proper customs clearance.

9.3. "Nachtmann" and "Spiegelau" and "Riedel" glasses sold by BGW are dishwasher-proof according to DIN EN 12875-1:2005.
For glass clouding a warranty of two (2) years as of the respective delivery date (bottom stamp) is granted. No warranty is provided for mechanical damages to the surface.

9.4. Minor deviations may occur between Products from the same series for technical reasons and because of the materials used in the course of the production of glass. These deviations are subject to weight, size, width, ovality, or the vertical axis according to the relevant technical drawings, which cannot be influenced by BGW. Such deviations between Products, in particular compared to earlier deliveries of the same Product, therefore do not constitute a defect.

9.5. Regarding Special Orders, BGW reserves the right to supply the quantity deviations of +/- 5% of the quantity ordered (the “Permitted Deviation”), which is customary within the industry. Provided that BGW’s fulfilment of any Special Order is within the Permitted Deviation, the quantity actually delivered shall be paid by Customer in full.

9.6. In the event of justified complaints, BGW will either make a substitute delivery or issue a credit note. If BGW makes a substitute delivery, Customer shall grant BGW the time and opportunity required to complete the substitute delivery and shall return the defective Products to Customer’s cost and risk to BGW. Any and all other warranty claims of Customer are excluded.

9.7. If BGW makes a substitute delivery, BGW will bear the expenses regarding the inspection and the substitute delivery, including the costs for transport, labour and materials, provided that a defect actually exists. If Customer’s demand for remedy of a defect proves to be unjustified, BGW may demand from Customer a refund of expenses caused thereby.

9.8. The rights relating to defects do not apply in case a defect arises from the Customer’s failure to observe BGW’s or a manufacturer’s Product instructions or recommendations, in particular instructions for processing or use of the Product or the Production instructions generally accepted Product use practices.

10. Limitations of Liability

10.1. Where liability for damages is subject to fault, BGW’s liability for damages – irrespective of the legal grounds – shall in each case be limited in accordance with this Clause 10.

10.2. BGW shall not be liable if and to the extent that Product instructions in particular, instructions for processing or use of the Product or the Product packaging or generally accepted Product use practices are not observed by Customer, unless Customer furnishes proof that the damage would have occurred even if the Product instructions and recommendations had been observed. Further, BGW shall not be liable for any damage or loss resulting from the purchase, handling, storage, and transportation, distribution, use or sale of the Products by Customer.

10.3. BGW shall only be liable for damage to the extent that the damage was provable and relates to damages negligently or willful intent. Liability of BGW for slight negligence is excluded, except:

a) without limitation for damages resulting from injury to life, body or health, or
b) for damages arising from a violation of a material contractual duty, or from a violation of a duty that is vital for the proper performance of the contract on which Customer may usually rely.

In such cases, however, BGW’s liability shall be limited to the foreseeable and typical damage.

10.4. In all other respects, BGW’s liability is excluded and shall in no event include incidental or consequential damages of any kind.

10.5. BGW’s statutory liability under the mandatory provisions of the German Product Liability Act (Produkthaftungsgesetz) shall not be excluded or limited by these T&C.

10.6. Decorations of any kind not be made or commissioned by BGW, such as engravings, silk-screenings, etc., are the sole responsibility of Customer and may not impinge on any other way may be excluded thereof and cannot be returned. Returned Products must be part of the current collections of BGW and in unused, saleable condition, packed in the original undamaged boxes and in the original sealed master packs. Returns must be shipped within thirty (30) days after having received BGW’s written prior approval and shall be delivered to BGW’s warehouse Schneeagelstrasse, Austria, freight (risk and costs) at Customer’s expense and risk. BGW is not responsible for any damage that may occur in accordance with these provisions and such Products not being defective under Clause 9, the EXW Bayerische Glaswerke Prod-uit net price valid at the time of purchase is increased by 9% restocking and handling fee. Any returns not in conformity with the foregoing may be refused by BGW.

12. Reserves for Material Damages

12.1. BGW reserves title to the Products and samples delivered (“Reserved Goods”) until full settlement of all BGW’s present and future receivables and claims under the purchase contract.

12.2. Customer may sell Reserved Goods in the ordinary course of business, provided that Customer is not in default of payment. Customer may not, however, transfer or pledge the Reserved Goods by way of security.

12.3. Customer is entitled to remodel or process the Reserved Goods in the ordinary course of business. Remodeling or processing will always be on BGW’s behalf. If the Reserved Goods are processed with other items, which are not BGW’s property, BGW will only acquire joint ownership in the new product in the proportion of the invoice values of the Reserved Goods (invoice amount with VAT) and the other items processed at the time of processing.

12.4. Customer hereby assigns to BGW its claims against its own customers resulting from the sale of the Reserved Goods as well as such claims for compensation with regard to the Reserved Goods, which may arise against its own customers or third parties for other legal grounds, including any and all balance claims from current account. BGW hereby accepts the assignment. Where BGW has only acquired joint ownership in a new product under Clause 12.3, Customer is required to assign such claim only in part, namely in the proportion of the value of the Reserved Goods to the value of the new product.

12.5. Customer is in addition authorized to collect the claim assigned to BGW. However, BGW shall not assert the claim itself or revoke the authorization to collect as long as Customer properly meets its payment obligations. Customer may not assign the claim to have been collected by means of factoring, either, unless Customer imposes an irrevocable obligation on the factor to effect the payment of consideration directly to BGW for as long as BGW has claims existing against Customer.

12.6. Customer is obliged to notify BGW of any third party access to Reserved Goods without undue delay, and to support BGW in enforcing BGW’s property rights. If BGW so requests, Customer shall disclose to BGW the claims assigned and their debtors and inform the debtor of the assignment. Customer shall at its expense provide BGW with all necessary information in this context and support BGW accordingly.

12.7. If Customer breaches the contract – in particular if Customer is in default with any payment – BGW is entitled to withdraw the Reserved Goods after fixing a reasonable period for Customer to perform. The transport costs arising for such withdrawal shall be borne by Customer. If BGW withdraws Reserved Goods, such withdrawal shall constitute a rescission from the contract. BGW has the right to exploit any Reserved Goods withdrawn. The proceeds from such exploitation will be set off against any due claims from Customer, which Customer owes to BGW after deduction of a reasonable amount for the costs of such exploitation.

12.8. If the value of the claims assigned or another security exceeds BGW’s claims to be secured by more than 10% in total, the security will be released to that extent.

13. Terms of Payment

13.1. The payment and delivery terms are set forth separately in the respective confirmed Orders and/or request damages in lieu of performance, whether payment has been received within the periods indicated or not. Furthermore, the security will be released to that extent.

13.2. BGW’s invoices are payable in Euros. Where no special payment terms apply for certain delivery regions or Customers pursuant to the applicable Price Books, as amended from time to time, BGW’s invoices are payable as follows:

a) within thirty (30) calendar days of the date of the invoice, less discount of 2%; or
b) in case of payment by means of direct debit less discount of 3%.

13.3. Each delivery by instalment shall be deemed an independent transaction for billing and payment purposes.

13.4. In case of payment in any freely convertible currency other than EURO, Customer shall bear the exchange rate risk, unless otherwise agreed or evident from the Price Books, as amended from time to time. Any bank charges shall be borne by Customer.

13.5. Any claims, counterclaims or claims for compensation of Customer shall not entitle Customer to any extension of the period stipulated for payment. BGW reserves the right to change its payment and delivery terms or suspend fulfilment of any agreement with Customer, if this appears necessary due to Customer’s financial situation or payment history.

13.6. From the date of default, default interest of 9% points above the base interest rate of the German Central Bank per annum will be charged.

13.7. If Customer is in default with regard to any payment for more than sixty (60) days, any further delivery to Customer, including deliveries based on new Orders accepted in the meantime, may be suspended by BGW until full settlement of the outstanding amounts.

13.8. In addition, if Customer is in default with regard to any payment for more than sixty (60) days, all outstanding accounts receivable, also under bills of exchange, will become due for payment immediately irrespective of their due date. BGW shall furthermore be entitled to rescind all current contracts and/or confirmed Orders and/or request damages in lieu of performance, to stop deliveries and/or to make them subject to the provision of security and/or to effect delivery only against cash on delivery. The same applies (i) if Customer’s company is sold in whole or in part or (ii) if the legal form of Customer’s company is changed, (iii) if Customer’s financial situation materially changes or deteriorates or (iv) if BGW obtains knowledge of facts only after the Order was accepted which, upon reasonable consideration, makes the granting of credit appear risky. In all of these cases, BGW may retain title as described under Clause 12 and may ascertain and collect the Products from its deliveries that are still available from Customer for this purpose, which will lead to a rescission of the contract.

14. Setoff and Assignment

14.1. Customer can only set off against BGW’s claims for payment of the purchase price when Customer’s claim from proposed for settlement has been legally established by final judgement or is undeputed.

14.2. BGW is entitled to assign its claims against Customer to a factoring company for financing purposes.

15. Severability

If any provision of the T&C is ineffective or adjudicated to be invalid by a competent authority, the validity of the remaining provisions shall not be affected. The Parties undertake to agree on a new effective provision, which is commercially reasonable and compatible to the commercial purpose of the ineffectutive provision without delay.

16. Choice of Law and Jurisdiction

16.1. The T&C and the contractual relations with Customer including its pre- and post-contractual phases and effects shall be governed by German law, excluding the provisions of the United Nations Convention on Contracts for the International Sale of Goods (CISG).

16.2. The Regional Court of Munich II (Landgericht München II), Germany, shall have exclusive jurisdiction for any disputes arising out of the contract concluded with Customer or the T&C under the contract, including the pre- and post-contractual phases and effects. However, BGW is free to sue at Customer’s registered office. Any overriding statutory provisions, in particular on exclusive jurisdiction, shall not be affected.
